Professional Profile

I’m a creative professional, who loves to paint on canvas as well as touch-screen surface. I do both user experience design & user interface design for interactive products, digital services and enterprise solutions. I simply connect dots between human vision with device algorithms applying cognitive-empathy and functional-usability. I’ve over 9 years of diversified designing experience across multiple domains for start-up and leading corporates. I’m always keen to learn new-age tech & soft skills to enhance my problem solving abilities for outstanding deliverables.
