## Professional Profile

I’m a creative professional, who loves to paint on canvas as well as touch-screen surface. I do both user experience design & user interface design for interactive products, digital services and enterprise solutions. I simply connect dots between human vision with machine algorithms applying design-language methodology & accessibility principles. I ‘ve around 10 years of diversified design experience across multiple domains for start-up and leading corporate brands. I am always keen to learn new-age tech & softskills to enhance my problem solving abilities.
